1. Restriction to one of the following inventions is required under 35 U.S.C. § 121:

- I. Claims 1-28, 30-79, 80-84, 102,-204, drawn to an apparatus for a modular system, classified in Class 361, subclass 760.
 - II. Claims 29, 85-101, drawn to process of making/coupling a signal between electronic devices, classified in Class 29, subclass 830.
- 2. The inventions are distinct, each from the other because of the following reasons:
- 3. Inventions I and II are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (M.P.E.P. § 806.05(f)). In the instant case the apparatus as claimed can be used to practice another process and materially different process.
- 4. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.
